EFFECTIVE: MAY 1, 2008

I. Domestic, commercial, and industrial water meters

<u>Meter Size</u>	<u>\$ Material</u>	<u>\$ Labor</u>	<u>\$ Equipment</u>	<u>\$ Outside Services</u>	<u>\$ Total</u>
3/4" without bypass	349	80	30	0	459
1" without bypass	412	80	30	0	522
1½" without bypass	765	150	60	0	975
2" without bypass	907	150	60	0	1,117
1½" with 1¼" bypass	963	219	90	0	1,272
2" with 1¼" bypass	1,119	219	90	0	1,428
3" comp on 4" with 4" bypass	5,238	1,776	516	2,726	10,256
4" comp with 4" bypass	6,495	1,776	516	2,726	11,513
4" comp on 6" with 4" bypass	6,831	1,776	516	2,726	11,849
6" comp with 6" bypass	8,531	1,776	516	2,726	13,549
6" comp on 8" with 6" bypass	9,288	1,776	516	2,726	14,306
6" turbine with 6" bypass	6,941	1,776	516	2,726	11,959
6" turbine on 8" with 6" bypass	7,585	1,776	516	2,726	12,603
8" turbine with 8" bypass	9,272	1,776	516	2,726	14,290

CREDIT ALLOWABLE FOR EXISTING WATER METER

<u>Meter Size</u>	<u>\$ Price Credit</u>
3/4" Disc	58
1" Disc	96
1½" Disc	197
2" Disc	258
3" Compound	1,558
4" Compound	2,279
6" Compound	2,833
8" Compound	4,500

Any water meter prices not shown above must be obtained through Board Service Department.

II. Special irrigation application for turbine water meters

<u>Meter Size</u>	<u>\$ Material</u>	<u>\$ Labor</u>	<u>\$ Equipment</u>	<u>\$ Outside Services</u>	<u>\$ Total</u>
2" Turbine	1,375	150	60	0	1,610
3" Turbine on 4" line	3,354	1,838	545	2,381	8,118
4" Turbine	3,829	1,838	545	2,381	8,593
6" Turbine	5,767	1,838	545	2,381	10,531

CREDIT ALLOWABLE FOR EXISTING WATER METER

<u>Meter Size</u>	<u>\$ Price Credit</u>
2" Turbine with Integral Strainer	665
3" Turbine with Integral Strainer	690
4" Turbine with Integral Strainer	1,140
6" Turbine with Integral Strainer	2,527
8" Turbine with Integral Strainer	3,310

Any water meter prices not shown above must be obtained through Board Service Department.

III. Notes:

- A. The above pricing does not include City of Pueblo, Pueblo County, and State of Colorado sales tax.
- B. Cost of meter to owner/applicant and installation requirements are fully explained in *Board Rules and Regulations*.

- C. Board Meter Installation Specifications include complete information regarding material furnished by the Board and other requirements.
- D. The owner/applicant must provide all necessary excavation, backfill, resurfacing, barricading/traffic control, and permits. Board will provide excavation only for meter vaults on 3-inch and larger meters.
- E. Where two or more meters serve one property and are physically connected, each service line must have a backflow prevention device installed at the expense of the owner/applicant. In most installations, inter-connection of two or more meters will not be allowed.
- F. When a building is three or more stories high and is either a commercial or multi-residential property, a check valve is required on the customer side of the meter. A check valve is also required if there is a booster pump on the customer side of the meter. All check valves will be installed at the expense of the owner/applicant.
- G. Any backflow prevention devices required must be installed and maintained by the owner/applicant at his expense.
- H. Any questions regarding which cost pertains to a particular property or situation should be directed to the Board Service Department, 543-2217.
- I. Undersizing of meter relative to service line is limited to one size classification, i.e., 3-inch on a 4-inch, 6-inch on an 8-inch. Further, any demands which are found to exceed AWWA recommended capacity of a particular size of meter will require the owner/applicant to pay all costs associated with installing the appropriate size meter.
