

APPENDIX E
BOARD OF WATER WORKS OF PUEBLO, COLORADO
WATER METER SET FEES
EFFECTIVE: MAY 1, 2009

I. Domestic, commercial, and industrial water meters

| <u>Meter Size</u> | <u>\$ Material</u> | <u>\$ Labor</u> | <u>\$ Equipment</u> | <u>\$ Outside Services</u> | <u>\$ Total</u> |
|---------------------------------|--------------------|-----------------|---------------------|----------------------------|-----------------|
| 3/4" without bypass | 385 | 83 | 40 | 0 | 508 |
| 1" without bypass | 432 | 83 | 40 | 0 | 555 |
| 1½" without bypass | 850 | 156 | 64 | 0 | 1,070 |
| 2" without bypass | 1,011 | 156 | 64 | 0 | 1,231 |
| 1½" with 1¼" bypass | 1,067 | 228 | 120 | 0 | 1,415 |
| 2" with 1¼" bypass | 1,237 | 228 | 120 | 0 | 1,585 |
| 3" comp on 4" with 4" bypass | 5,505 | 1,845 | 572 | 2,719 | 10,641 |
| 4" comp with 4" bypass | 6,130 | 1,845 | 572 | 2,719 | 11,266 |
| 4" comp on 6" with 4" bypass | 6,502 | 1,845 | 572 | 2,719 | 11,638 |
| 6" comp with 6" bypass | 8,989 | 1,845 | 572 | 2,719 | 14,125 |
| 6" comp on 8" with 6" bypass | 9,691 | 1,845 | 572 | 2,719 | 14,827 |
| 6" turbine with 6" bypass | 8,891 | 1,845 | 572 | 2,719 | 14,027 |
| 6" turbine on 8" with 6" bypass | 9,412 | 1,845 | 572 | 2,719 | 14,548 |
| 8" turbine with 8" bypass | 12,271 | 1,845 | 572 | 2,719 | 17,407 |

CREDIT ALLOWABLE FOR EXISTING WATER METER

| <u>Meter Size</u> | <u>\$ Price Credit</u> |
|-------------------|------------------------|
| 3/4" Disc | 59 |
| 1" Disc | 96 |
| 1½" Disc | 202 |
| 2" Disc | 258 |
| 3" Compound | 1,694 |
| 4" Compound | 2,279 |
| 6" Compound | 3,876 |
| 8" Compound | 4,500 |

II. Special irrigation application for turbine water meters

| <u>Meter Size</u> | <u>\$ Material</u> | <u>\$ Labor</u> | <u>\$ Equipment</u> | <u>\$ Outside Services</u> | <u>\$ Total</u> |
|-----------------------|--------------------|-----------------|---------------------|----------------------------|-----------------|
| 2" Turbine | 1,511 | 156 | 64 | 0 | 1,731 |
| 3" Turbine on 4" line | 4,080 | 1,910 | 602 | 2,374 | 8,966 |
| 4" Turbine | 4,394 | 1,910 | 602 | 2,374 | 9,280 |
| 6" Turbine | 7,553 | 1,910 | 602 | 2,374 | 12,439 |

CREDIT ALLOWABLE FOR EXISTING WATER METER

| <u>Meter Size</u> | <u>\$ Price Credit</u> |
|-----------------------------------|------------------------|
| 2" Turbine with Integral Strainer | 665 |
| 3" Turbine with Integral Strainer | 690 |
| 4" Turbine with Integral Strainer | 1,140 |
| 6" Turbine with Integral Strainer | 2,565 |
| 8" Turbine with Integral Strainer | 3,310 |

Any water meter prices not shown above must be obtained through Board Service Department.

III. Notes:

- A. The above pricing does not include City of Pueblo, Pueblo County, and State of Colorado sales tax.
- B. Cost of meter to owner/applicant and installation requirements are fully explained in *Board Rules and Regulations*.

- C. Board Meter Installation Specifications include complete information regarding material furnished by the Board and other requirements.
- D. The owner/applicant must provide all necessary excavation, backfill, resurfacing, barricading/traffic control, and permits. Board will provide excavation only for meter vaults on 3-inch and larger meters.
- E. Where two or more meters serve one property and are physically connected, each service line must have a backflow prevention device installed at the expense of the owner/applicant. In most installations, inter-connection of two or more meters will not be allowed.
- F. When a building is three or more stories high and is either a commercial or multi-residential property, a check valve is required on the customer side of the meter. A check valve is also required if there is a booster pump on the customer side of the meter. All check valves will be installed at the expense of the owner/applicant.
- G. Any backflow prevention devices required must be installed and maintained by the owner/applicant at his expense.
- H. Any questions regarding which cost pertains to a particular property or situation should be directed to the Board Service Department, 543-2217.
- I. Undersizing of meter relative to service line is limited to one size classification, i.e., 3-inch on a 4-inch, 6-inch on an 8-inch. Further, any demands which are found to exceed AWWA recommended capacity of a particular size of meter will require the owner/applicant to pay all costs associated with installing the appropriate size meter.
